ABOUT BANNERBOW

SWEDISH INNOVATION AND DESIGN.

Sweden has long been a leader in the development of display systems for exhibitions and events. At Bannerbow, we are proud to be part of this Swedish tradition. Our contribution is our desire to create innovative solutions with new shapes that stand out in a rather flat and square world.

LOCAL MANUFACTURERS FOR THE BEST SERVICE AND AVAILABILITY.

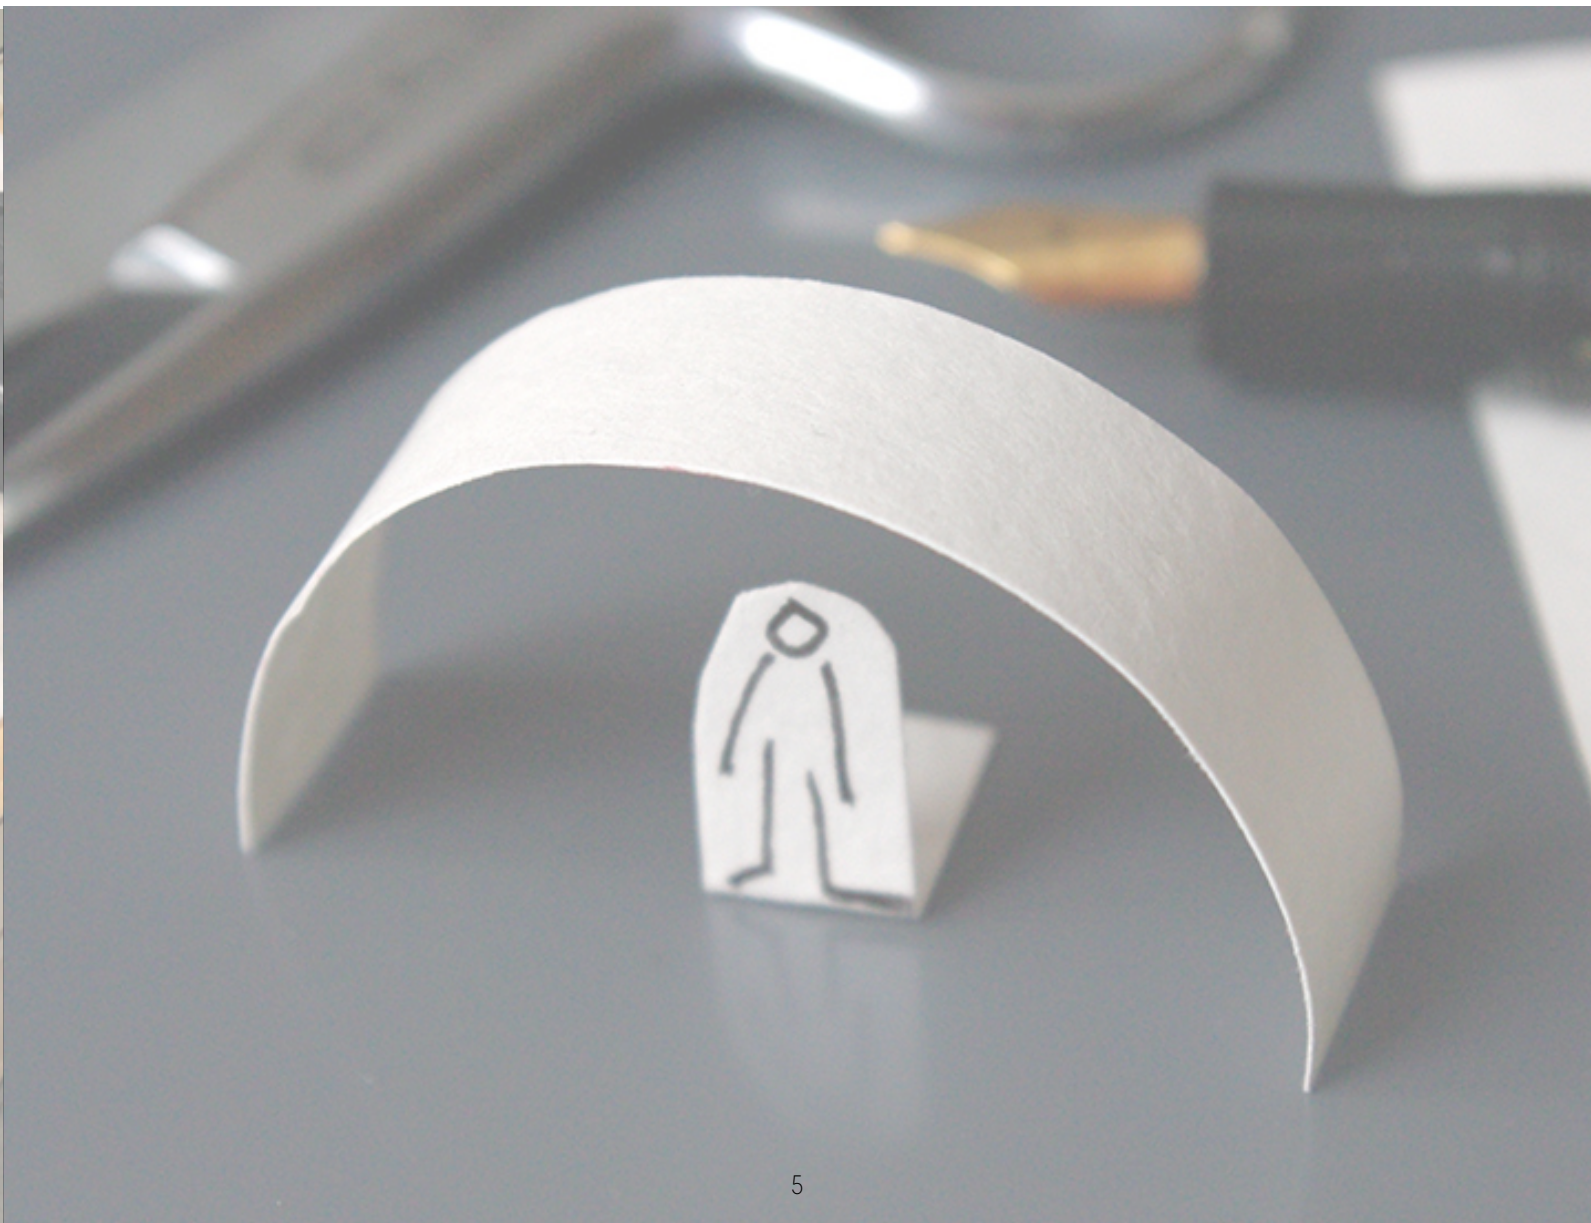

Bannerbow is based in Eskilstuna, Sweden. Our ambition is to try to produce the majority of our products close to home, which we have accomplished. We believe local manufacturing gives us advantages in terms of quality, service and availability. By working closely with our customers, we can quickly create custom solutions together with our partners..

STORY

IT STARTED WITH A STRIP OF PAPER...

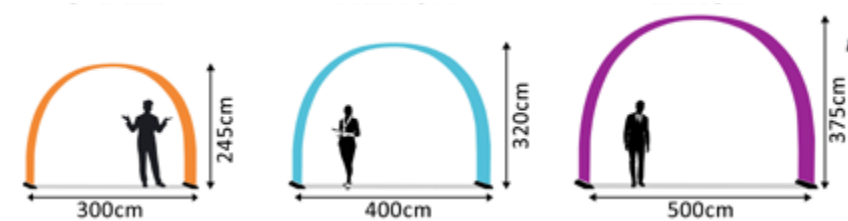

The idea that evolved into the first Bannerbow product was born when Ulf Meijer curved a strip of paper over the edge of his desk. The strip formed an arch that he put on his desk. He placed a little paper man underneath and immediately realized that this could be an exciting way to create a room within a room. The arch created a profile that stood out against the angular signs and mechanical tents often found at shows and events. This new expression, an organic form that both invites you in and encircles you, would become a new and innovative product for exhibitions, events and public spaces.

ALUMINIUM AND BLACK EVENT ARCH

Price from 587 €

The Aluminium and Black Event arches are both intended for indoor use and available in 3 sizes – Small, Medium and Large. The neutral, lighter aluminium base has an exclusive feel and is available in two different colors Aluminium and Black. Bannerbow event arches are easy to set up, without the need for any tools, ladders or other special equipment: you can set one up by yourself in just a few minutes.

ART. NO.	SIZE	SORT	TEXTILE	WEIGHT	RR. PRICE
10300SHWSGL	S	Aluminium	Single sided	14.8 kg	587 €
10300MHWSGL	M	Aluminium	Single sided	15.1 kg	647 €

10400MHWSGL	M	Black	Single sided	647 €
10400LHWSGL	L	Black	Single sided	716 €

Aluminium and Black event arches come in a sleek bag to store all the components.

Choose between aluminium or black colored foot.

OUTDOOR - HYBRID EVENT ARCH

A black powder-coated steel foot makes the arch stand stable. Which is suitable for outdoor events but also in public environments where many people are moving around or in Car showrooms for example. The foot also has a bracket for attaching the canvas with a hook-and-loop fastener, keeping the canvas tightly stretched and securely in place.

Price from 712 €

SMART WHEELED BAG FOR EASY TRANSPORTATION

If the system is to be moved between different events, we recommend buying a wheeled bag.

CUSTOM LOGO

If you like, you can customize both the base plates and the weights with your company logo or message. The minimum order is 15 units, with a delivery time of five to six weeks. Pricing available upon request.

NEW NEUTRAL DESIGN

“A Hybrid that can be used both indoors and outdoors”

OUTDOOR EVENT RECOMMENDATIONS

If the Event Arch is placed on asphalt or other hard surface, we recommend weight plates for extra stability. The foot is also built with pre-punched holes to make it easy to secure to the underlying surface where possible.

Weight plates for extra stability

For use on grass or other soft surfaces, we recommend our set of guy ropes, grass and ground anchors. This provides extra security, because outdoor events can be a challenge, as you rarely know what weather conditions you will experience.

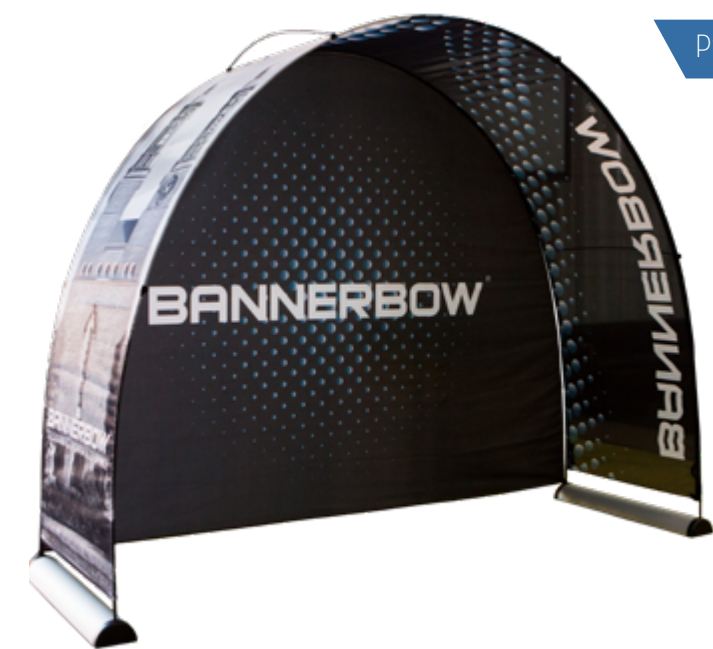

Ground spikes and Guy ropes for the Outdoor event.

Outdoor Event arch medium with guy ropes.

SET WITH BACKDROP AND EVENT ARCH

Price from 1 036 €

Our Set with Backdrop together with the Event arch, creates a portable perfect exhibition stand or Point of sale display. The set comes in a smart wheeled bag. Backdrop is only available in Small size.

A smart fair stand with Bannerbow Backdrop Set

CANVASES

ABOUT OUR CANVASES

All canvases supplied by Bannerbow's print partners are printed with environmentally certified ink and have a B1 fire rating. Our single-sided can vases bleed through, which reproduces color fantastically, also on the back. Our double-sided canvases are delivered rolled around a cardboard core and should be stored this way when not on display to avoid wrinkles and creases. Double-sided prints are intended for indoor use only.

STARTING COST PRINT

When ordering textiles via Bannerbow, an initial cost of SEK 350 ex VAT for print is added.

Single-sided canvas is printed on one side with a bleed-through, so your design will be mirrored on the back.

CANVASES - INDOOR EVENT

ART. NO	SIZE	GRAPHICS AREA	PRINT	WEIGHT	RR PRICE
05510SSGL	S	620x100 cm	Single sided	ca. 0.7 kg	195 €

BENEFITS WITH BANNERBOW

MADE IN SWEDEN

Our ambition is to try to produce the majority of our products close to home. We believe local manufacturing gives us advantages in terms of quality, service and availability.

QUALITY MATERIALS

Our materials are sourced with sustainability in mind, and we want to keep our manufacturing process as environment friendly as possible.

SIMPLE & PORTAL

Easy to assemble and move without any tools. Everything is delivered in a stylish wheeled bag.

FUNCTIONAL

One product, many possibilities. Change your look and your message with new canvases for different occasions. Combine multiple event arches and backdrops as needed.

UNIQUE

“There is a new shape in town”
In an industry where square shapes dominate, BANNERBOW stands out with its soft, organic arches.

INSPIRATION

INSPIRATION

INSPIRATION

"The only limitation is your imagination..."

Decorate your Event Arch with simple means and create an atmospheric setting for the fair, store or event.

DIGITAL RESOURCES

BANNERBOW SUPPORT

It's important for us that you as customers have access to information about the products in the best possible way. Therefore, we have created digital material for you to have access to when needed. We have gathered all resources on our website for you to easily find and download.

SET-UP VIDEOS

If you are unsure of anything in the assembling process the Set-up videos are available to guide you. Together with some tips and tricks you are well prepared when it's time to get the products in place. You find the movies here: www.bannerbow.com/videos

ARTWORK TEMPLATES

It's important that you use our templates when creating artwork for the print. This for the best end result and an efficient ordering process. All templates are available to download on our webpage: www.bannerbow.com/downloads

INSPIRATIONAL VIDEOS

Bannerbow products can be used in many different ways. With our videos we hope to inspire you and give tips on where and how they can be used. For example, we have videos on themes like Sport, Christmas and Outdoor. You find all videos here: www.bannerbow.com/gallery

PICTURES AND LOGOTYPES

Bannerbow products are only to be marketed under the brand BANNERBOW®. You find logotypes and pictures on our webpage for both print and web to use when creating marketing material. Just go to: www.bannerbow.com/downloads

CAR PROMOTION

DIRECT CUSTOMER ATTENTION

With an event arch in a car showroom you can create a pop-out effect and attract the attention of the visitors. Perfect when you want to highlight a campaign or launch of a new car model.

PORTABLE AND FLEXIBLE

All systems are possible to get in a smart wheeled bag, so you easily take the event arches with you on the road show event or exhibition. Many of our customers in the automobile segment has chosen to adapt the system with their own logo in the base plate.

EXHIBITION AND EVENT

BANNERBOW - WHEN YOU WANT TO BE SEEN

Whether you are participating in a roadshow or an event, Bannerbow products can inject that little bit of extra flair you are looking for. The event arches are flexible and can easily be moved from an entrance to an exhibition stand. One product which offers many possibilities.

A SMART FAIR STAND IN SIZE SMALL

With our Set with Backdrop and Event arch a small portable stand for the fair is easily created. Add other products such as roll-ups and pop-up tables for example to meet all your needs.

RETAIL

WELCOME YOUR CUSTOMERS IN A UNIQUE WAY!

Event arches from Bannerbow can be used in several ways within retail and stores. By using our arches as an entrance portal, customers can “pass through” your message. When customers step into your store, they will immediately sense there’s something special going on.

POINT OF SALE

The shape of our event arches means they look great in a retail environment. If you want to draw attention to a particular campaign or products, you can place the arch over or next to these products to generate customers interest and curiosity.

SPORT

BANNERBOW FOR SPORT EVENTS AND SPONSORSHIP

The event arches create atmosphere and are eye-catching at any venue. Place them by the entrance to make visitors feel like VIPs, or place two arches midfield in a cross so that the match sponsors are visible to spectators from every angle. Create a players' tunnel out of several arches, putting full focus on your players and giving them a striking entrance.

PAYS FOR ITSELF AND THEN SOME...

Your event arches can generate revenue for your company. Bannerbow products give you a new and effective way to showcase your sponsors. Selling advertising space on your prints could not only cover the cost of the event arch but will also create a new source of sponsorship revenue.
